Forecast For The United Kingdom
Issued by Met Office Exeter
at 1500 on Tuesday 30 Nov 2021

UK Outlook for Wednesday 15 Dec 2021 to Wednesday 29 Dec 2021:
Remaining generally unsettled at first, with wettest and windiest conditions likely moving further north with drier and brighter spells developing in the south and southeast at times. Temperatures likely to be milder than earlier in the month, with temperatures near to above normal, although some colder spells remain possible. It is likely to become more settled around Christmas and towards New Year with increased chance of overnight frost and fog during clearer spells.
